

MASTER

L'accostamento del legno rovere alla trasparenza del vetro esalta la purezza del design proprio della linea Master evidenziando la ricchezza dei masselli di legno con le loro caratterizzanti curvature

The matching of the oak wood with the transparency of the glass exalts the purity of the design that is a characteristic of the Master's line making in evidence also the wealth of the wooden solid with their characterizes curvatures.

Le rapprochement du chêne bois à la transparence du verre exalte la pureté du design propre de la ligne Master en mettant en évidence la richesse des bois massif avec leur courbures caractérisant.

Die Kombination des Eichenholzes mit der Transparenz des Glases hebt die Designreinheit der Linie Master hervor und unterstreicht die Üppigkeit des Massivholzes, das sich durch seine typischen Krümmungen auszeichnet.

De combinatie van eikenhout met transparant glas maakt dat de puurheid van het design dat de productenlijn Master karakteriseert, tot maximale uiting komt, waarbij de nadruk wordt gelegd op de rijkdom van het massieve hout met zijn karakteristieke krommingen.

Le scrivanie possono essere con il piano interamente in legno oppure con l'inserito in cuoio. Le cornici sono in legno massello verniciato; abbinamento di elementi di servizio su ruote; i contenitori sono disponibili in 3 altezze e 2 larghezze.

Die Arbeitsfläche dieser Schreibtische kann vollständig aus Holz gearbeitet oder mit einem Ledereinsatz versehen sein. Die Rahmen sind aus lackiertem Massivholz; als Ergänzung erhältlich sind Serviceelemente auf Rädern; die Container sind in 3 Höhen und 2 Breiten lieferbar.

De bureaus hebben een geheel houten bovenblad of een leren inzetstuk. De lijsten zijn van massief gelakt hout; gecombineerd met bijpassende verrijdbare meubels; de vakken zijn verkrijgbaar in 3 hoogtes en 2 breedtes.

Master è una linea di arredi per ufficio che ottimizza le esigenze di classicità ed operatività proprie degli uffici direzionali. Il pregio dei materiali impiegati quali il legno impiallacciato e massello abbinati all'alluminio ne esaltano l'immagine consentendo la realizzazione di postazioni di lavoro di elevata qualità ed immagine.

Master is a range of office furniture that strikes the balance between the demand for classic design and effective working in management offices. The superior quality of the materials used, such as veneered and solid wood combined with aluminium, enhance their image enabling high quality work stations with a high-class image to be created.

Master est une ligne de meubles de bureaux qui optimise les exigences de classicisme et de fonctionnalité, typiques des bureaux de direction. La valeur des matériaux utilisés, tels que le bois plaqué et le bois massif, coordonnés à l'aluminium, exalte l'image de cette ligne qui permet de réaliser en toute liberté des espaces de travail de grande qualité et d'un fort impact visuel.

Master ist eine Büroeinrichtungslinie, welche die Bedürfnisse nach Schlichtheit und Funktionalität, die den Direktionalbüros eigen sind, auf ideale Weise miteinander vereinbart. Die hochwertigen Werkstoffe, die verwendet werden, wie Furnier- und Massivholz, kombiniert mit Aluminium, sorgen für eine edle Optik und schaffen Arbeitsplätze, die hohe Qualität und Image vermitteln.

De kantoormeubellijn Master optimaliseert de klassieke stijl en operationeleiteit die zo eigen zijn aan directiekantoren. De waardevolle gebruikte materialen, zoals gefineerd en massief hout in combinatie met aluminium, laten het imago beter uitkomen voor de realisatie van werkplekken van een hoge kwaliteit en imago.
